

# Western Carolina University

Martin Tanaka - College of Engineering and Technology

Follow your GPS to Western Carolina University. Most people are coming from the north. Follow highway 107 south until you reach WCU. Turn left at the light taking the outside turn lane. Stay to the right taking the first road at the roundabout. Follow the road through the light and turn into the parking lot by the Belk Building. You can park in any of the numbered spots. Go to the Dean's office just inside of Belk by the loading dock for a parking permit. Put it in your front window.

My office is room 338 and my office phone number is 828-227-2561 – Martin Tanaka
